

# Creative Assistant

SEEKING: A FRIENDLY, SWITCHED-ON CREATIVE ASSISTANT WHO KEEPS THE STUDIO FLOWING

Casual / After School, Weekends & Saturdays / North Perth & Kalamunda

At **Faire & Co**, we don't just run art classes!

We build **confident** young creatives who learn to think **independently**, take risks and belong to a thriving **community**.

We are looking for a teacher-hearted, **high-energy** educator who is comfortable leading groups of children and setting the tone in a room.

You do not need to be a professional artist. We will train you in our process art programs, but you must:

- Be **confident** managing children
- **Project your voice** clearly
- Hold boundaries calmly
- **Lead** with both warmth and authority

## THE STRUCTURE

This is a casual role, however shifts are locked in for **full 10-week school terms**. You will have the same roster each week across the entire term, then it switches up for the school holiday program.

- Consistency builds **trust**.
- Trust builds **confidence**.
- Confidence builds **creativity**.

We are looking for **long-term** team members who want to watch children grow from excited beginners to independent, outside-the-box thinkers.

*We are not looking for artists who want to try teaching.  
We are looking for educators who love creativity.*

## ABOUT THE ROLE

As a Workshop Facilitator, you will:

- Lead structured creative sessions for children and teens
- Manage classroom behaviour confidently and calmly
- Build strong relationships with students and families
- Create a safe, energetic and focused environment
- Support studio flow, setup and pack down
- Occasionally assist with parties and special events

This is a hosting role.

This is a leadership role.

This is a presence-driven role.

## WHO YOU ARE:

You might be:

- A teacher ready for a more creative environment
- An EA who thrives when leading small groups
- Returning to the workforce after raising a family
- Transitioning from a traditional classroom into something more community-driven
- Your passion for working with children shows.
- Your energy is noticeable.
- You seek moments of joy in the classroom and actively create them.
- You are not afraid to take the lead.
- You don't wait to be told what to do.
- You step into the room and own it.
- And you're excited by the idea of growing into roles like Senior Facilitator, Program Coordinator or Studio Leader over time.

You thrive here if you:

- Your energy lifts a room when you walk in
- You bring enthusiasm without losing authority
- You genuinely enjoy being in front of a group
- You look for moments to celebrate progress

## WHY YOU'LL LOVE IT HERE

- The opportunity to build long-term relationships with the same students
- A studio that values classroom leadership, not just craft delivery
- Real input into program development over time

## GROWTH PATHWAYS

# Workshop Facilitator

We are not building a revolving-door casual team. We are building future leaders within our studio.

Your first priority is to master the classroom. For the first six months, your focus is on:

- Leading strong, **structured** sessions
- Building **genuine** relationships with students and families
- Managing behaviour **calmly** and confidently
- Contributing positively to our studio **culture**

Once you've established yourself as a confident, reliable and community-focused facilitator, additional **opportunities** may open based on your strengths, interests and performance.

Progression is not automatic and not based on time served. It is based on **contribution**, leadership, **initiative** and alignment with our values.

We look for team members who:

- Take **ownership** of their classroom
- Bring ideas and **solutions**, not just questions
- **Care** deeply about student growth
- Want to see children move from hesitant beginners to confident, independent creators
- Are excited by the idea of **growing** within a creative education environment

If you are looking for more than a casual shift, if you are seeking meaningful work with room to grow, this role can evolve with you.

## HOW TO APPLY

We hire on presence and personality.

A resume shows us your experience, but this role is about leading a room, so we need to see you. Please submit:

- Your application form via [our online form](#)
- A short 60-second video introducing yourself and explaining why you would thrive leading a creative classroom

We know not everyone loves being on camera. It doesn't need to be polished or professional, just film it on your phone. Think of it as a quick vibe check.

We're not looking for perfection. We're looking for confidence, warmth and leadership.
