

faire a la maison

make at home WITH ARTY FARTY: JUNIOR [MOBILE]

Right! We are bringing our Arty Farty: Junior sessions to you!

Since we left our Mt Hawthorn pop up, we have been trying to find an amazing premises in the city, but to no avail. So we thought why not bring the fun to you, that way we can service more than just Kalamunda and Mt Hawthorn, we can go *anywhere!*

Let your artiste, and up to 8 of their friends, get creative each week with a range of arts and craft that will engage their imagination, communication and social skills.

Got more kids, no prob its just an additional \$150 per child for the five week series.

Our mobile sessions will run for five weeks, you book your preferred day and time, you find the participants and the location and we will rock up each week and create with your kiddies and then clean up, pack away and leave your place exactly how we found it. It's a perfect way for you to catch up with your mum mates whilst the kids create, all you need to do is entertain the parents.

Class runs for 45 mins and suitable for children aged 5yrs + - currently available on Monday, Wednesday and Friday's to begin with and depending on demand we will grow to more days!

How it Works?

- You book in the five week course.
- You find up to eight friends to split the cost with.
- You find a location to create in, could be your home, outdoor area, local community centre.
- We confirm day and time and find out a bit about the kiddies coming along.
- We arrive 15 mins before the class to setup tables, chairs, materials and aprons.
- We all create our projects and take happy snaps to show how amazing they are.
- You entertain your mates with good convo, laughs, caffeine, snacks, whatever floats their boats.
- We clean up all the mess and pack away.
- We see you again the next week, until our five weeks is up.

\$250

PER WEEK

FOR UP TO 8 CHILDREN
(5 WEEKLY SESSIONS)

So what do you think? Shall we come to you to get creative?
